School Transitions

February 4, 2020

Dear 8th grade parents and students,

Attached you will find the high school registration form for your student. The academic classes were recommended by your student's teachers and align with the high school recommendations for Math/Science and English & Literature/Social Studies. What that means is the Math course determines the Science course and the English & Literature course determines the Social Studies course.

You will need to review this registration form and help your student select elective courses. Keep in mind that there are CEC options, but you will need to check with your high school regarding CEC transportation.

**Please complete these registration forms and return to Odyssey by Friday, February 7th.**

**Please attend your high school parent night!!**

- East Coweta - February 4th at 6pm in the East Coweta Cafeteria
- Newnan - February 10th at 6:30pm in the Newnan Cafeteria
- Northgate - February 24th at 6pm in the Northgate Cafeteria

Odyssey will be having our first of two transition meetings on February 27th where we discuss the academic pathways and graduation requirements.

We look forward to working together to help transition your child to High School.
