Odyssey Charter School Parents
Before and After School Child Care 2021/2022 School Year

Odyssey Charter School Families,

Thank you for your support during an ever-changing and most difficult school year. We appreciate your continued support of our efforts to bring your family the best and safest educational environment possible.

Due to the health emergency last year, we were not able to safely support a before school and after school program. After multiple attempts to organize and plan a safe and effective extra-curricular environment for our schools; we were unable to orchestrate, what we believe to be, a safe and acceptable course of action. **In short, we will not be offering a before/after school program for the 2021/2022 school year.** We have attached a list of organizations who pick-up and drop-off during the Odyssey Charter School Carline.

Thank you for your continued support in our efforts to supply the best learning environment possible for your aspiring scholar.

Sincerely,

Scot Hooper
Principal
