

ODYSSEY Charter School

August 29, 2023

RE: School Vision Screenings

The Odyssey Charter School clinic staff will be performing vision screenings for the 2023-2024 school year on all students in the 1st, 3rd, 5th, and 7th grades from September 11, 2023 – September 30, 2023. You will receive written notification if your child's vision needs further assessment by an eye care professional.

Please be aware that a vision screening is not a substitute for an eye examination by an eye doctor. Only exams by an eye care professional can identify vision problems and prescribe treatment.

If you do not wish for your student to be screened at school, please complete and return to bottom portion of this form to the school clinic by **Friday, September 8, 2023**. If the form below is not returned, your child will be screened along with other students in their grade level.

Thank you for your cooperation in support of our commitment to student health and excellence in education. If you have any questions, please feel free to contact me at ksequeira@odysseycharterschool.net.

Respectfully,

Kelly Sequeira, R.N.
Odyssey Charter School Nurse

Return this portion only if you **do not wish for your child to have a vision screening**.

- I do not want my child, _____, to have a vision screening performed by the Odyssey Charter School clinic staff at this time.
